2025 MARINA RATES

Our full service marina offers a fully stocked boat house, fuel dock, fish cleaning station with potable water, boat rentals, launch ramp and moorage. With an on site country store, laundromat, cold beer and wine, restaurant, pub and motel, you might just want to stay a little longer!

Fishing is good year round. The principle species in the lake are Dolly Varden, Gerrard Rainbow Trout and Kokanee Salmon. Touted as "the finest winter sport fishery in the world", Kootenay Lake provides a challenge to catch the trophy trout. Gerrard Rainbow up to 10lbs and Dolly Varden up to 15lbs are the general rule.

BOAT HOUSE HOURS

• SUMMER 8 am - 6 pm • WINTER 8 am - 4 pm

BOAT RENTALS

FROM YOUR FRONT DOOR!**

ABOUT THE RESORT

Located on Kootenay Lake 5km north of Ainsworth Hot Springs, Woodbury Resort features several different accommodation styles. From rustic A-frames with private balconies, stand alone cabins, one level motel suites. All our rooms have full kitchens, private baths and balconies. Or you can choose from one of our over 60 RV or tent sites. Other on site amenities include a country store and laundromat. Full service marina with boat rentals, fuel station and sanddump. JB's Pub and Restaurant with cold beer and wine store and heated pool.

Unquestionably one of the most beautiful recreational areas in North America. Summer boating, swimming, fishing, and easy access to some of the most beautiful hiking, biking and quading trails in the Kootenays. Play golf on your choice of many challenging courses in the area. Winter brings excellent fishing opportunities, and miles of snowmobile and cross country skiing trails.

The towering peaks of the majestic Purcell and Selkirk mountain ranges that surround the lake are breathtaking.

Woodbury Creek alluvial fan and canyon has been enjoyed by our outdoor enthusiasts for over 100 years. It was a drop off point for miners and campers, accessed by many of the paddle wheelers that plied Kootenay Lake. Today Woodbury is easily accessed by Hwy 31.

In 1976 Woodbury was hooked to the power line and the lights came on! In 1977 Jones Boys bought the property and started to develop the north side of Woodbury Creek into a resort and marina and later moved the Jones Boys Boats to the south side of the creek from the Kaslo Bay location.

Woodbury Resort is a work in progress and with its loyal customer base continues to grow through the good times and not so good times. JB's Pub and Restaurant offers delicious home made food and famous fish and chips always at a great value.

The new country store and laundromat (2014) make Woodbury Resort the "We have it all destination."

If you have quads, dirt bikes, mountain bikes or hiking boots bring them! The Woodbury canyon access road with over 80km of trails, lakes and old mines is right across the highway from the resort. Trail maps available.
